STRATEGIC MOBILITY GROUP

Our Mission: Every Label. Every Time.

Developed jointly by an anesthesiologist and a pharmacist, Vigilant Labels was founded on a mission of "every label, every time".

Recognizing proper medication labeling is vital for optimal patient safety and knowing its impact on revenue and cost, they also knew firsthand the challenges of getting consistent compliance with existing solutions.

The Click-to-Comply™ system is optimized for ease of use and proven to increase compliance. We look forward to having you join our mission as we expand nationwide.

Everything you need to build and print personalized, compliant medication labels on-demand.

Click-to-Comply™ from Vigilant Labels

Just 2 Clicks and 2 Seconds to Compliance —
Every Label. Every Time.

Click-to-Comply™ offers a convenient and cost effective solution to solve the complicated challenges of compliant medication labeling. We provide everything you need to build and print personalized, compliant medication labels and a simple 2 click and 2 second workflow your anesthesia team will love.

From procedural areas to the pharmacy, we're solving medication labeling compliance challenges in health facilities across the country. *Here's why:*

Meets Compliance Standards
Every Label. Every Time.
Labels meet standards and guidelines established by USP<797>, CMS, ASA, ASTM and ISMP.

Optimized for Clinical Compliance
Anesthesia teams easily print compliant, case-specific label sets on-demand.

Improves Revenue Cycle Management
Eases EHR documentation and charge capture workflow with integrated barcode data on every label.

Creates Efficiency for Pharmacy Staff
Quickly print up to 40 compliant medication label sets at once.

Facilitates Cost Reduction
Enables pharmacy to reduce or eliminate expensive outsourced compounding and pre-filled syringes.

Supports Patient Safety
Makes consistent, compliant medication labeling a reality throughout your facility - from procedural areas to pharmacy.

How It Works

Set-Up:

1. Select a template by case (e.g., OB, Cardiac, GI, Neuro, Ortho, Pediatrics, General Anesthesia), by medication (any drug, any concentration) or create your own.

2. Use the Smart App to build your label set detail

3. Plug in printer(s) and insert label roll(s)

4. Launch and see compliance soar - Every label. Every time.

In Use: Simply Print, Stick and Comply

1. Scan badge to log in
2. Scan badge to print, then stick and comply - it's that easy

All user input made with badge scanner - no keypads, no handwriting, no waiting.

System Specifications

Ready to use, right out of the box and it's easy to implement - with no IT or security concerns.
